You have the wording of my telg. of 11th inst. as I sent it. It was sent early on morning of that day - Your reply to Will Gordon's inquiry was correct. I may telegraph you further before you receive this - That wretched Water Co. business is hampering my movements here considerably I have read the assessment notice you enclose I wonder if the arbitrary dates were adopted to suit the weekly newspapers as I believe they are published only so often

Judge Gordon told me that he would not be back to Yuma city until July 1st to distribute any funds which I would send for Stock &c Guess we can arrange to prevent it being advertised - How is the outlying stock coming up with its assessments. Hope there is no delay sufficient to entrammel your movements. But Neville is right. Dont run into debt. - If you think it necessary to telg. me on this matter do so on receipt of this. I will be here then.
